		(user; those nearby; those in the vicinity; members of the public)	Likelihood	Impact	Score	the risk hierarchy)	Likelihood	Impact	Score		
Fire	Smoke inhalation, burns and more severe. Risk of extreme harm.	All participants and organisers/staff and spectators	1	5	5	Those leading the session must ensure they are aware of and fully understand the venue or locations fire procedures. Those leading must make sure that all exit routes are clearly highlighted and report any issues immediately to the venue. Highlight to all the Volunteers/Event Staff the nearest emergency exit routes at the start of a session, and the importance of assisting others to leave calmly in case of an emergency. Consider accessibility requirements	1	4	4	In case of an emergency, please pull nearest fire alarm and ensure all participants leave the venue calmly and safely. Once in a safe position to do so, call the emergency services on 999. Any incidents need to be reported as soon as possible ensuring duty manager/health and safety officers have been informed. Follow SUSU incident report policy.

Adverse weather	Injury, Illness, Slipping, Burns	Event organisers, event attendees,	4	3	12	Lead organiser to check the weather is suitable for activities on the day Warn those attending to prepare by wearing appropriate clothing and footwear e.g. via social media posts, email invites In the case of hot weather organisers to advice participants to bring/wear appropriate level sunscreen, hydrate If Cancellation is required ensure all relevant parties are contacted. SUSU – <u>subookings@soto.ac.uk</u> Uni – <u>roombookings@soton.ac.uk</u>	4	1	4	If adverse weather is too extreme to be controlled, the event should ultimately be cancelled or postponed to a different date
						Or your external contacts.				
Alcoholic/External Events										
Alcohol consumption	Participants may become at risk as a result of alcohol consumption Members of the public may act violently towards participants.	Event organisers, event attendees,	2	5	10	Members are responsible for their individual safety though and are expected to act sensibly	1	3	5	Follow <u>SUSU incident report</u> <u>policy</u> Call emergency services as required 111/999 Committee WIDE training

						Initiation behaviour not to be tolerated and drinking games to be discouraged For socials at bars/pubs etc bouncers will be present at most venues.				
						Bar Security staff will need to be alerted and emergency services called as required.				
						Where possible the consumption of alcohol will take place at licensed premises. The conditions on the license will be adhered to and alcohol will not be served to customers who have drunk to excess				
						Committee to select 'student friendly' bars/clubs and contact them in advance to inform them of the event Society to follow and share with members Code of conduct/SUSU Expect Respect				
Travel (if hosting at a external venue)	Vehicle's collision -causing serious injury	Event organisers, event attendees, Members of the public	4	3	12	policy Members are responsible for their individual safety though and are expected to act sensibly	2	2	4	Where possible venues chosen for socials will be local/known to members and within a short distance from each other.

	Local venues known to	Contact emergency services
	University of Southampton	as required 111/999
	(UoS) students chosen	
		Incidents are to be reported
	Event organisers will be	on the as soon as possible
	available to direct people	ensuring the duty
	between venues.	manager/health and safety
		officer have been informed.
	Attendees will be encouraged	
	to identify a 'buddy', this will	Follow SUSU incident report
	make it easier for people to	policy
	stay together. They will be	
	encouraged (but not	
	expected) to look out for one	
	another and check in	
	throughout the night where	
	possible.	
	Avoid large groups of people	
	totally blocking the pavement	
	or spilling in to the road.	
	Anybody in the group who is	
	very drunk or appears unwell	
	and therefore not safe should	
	be encouraged to go home	
	ideally with someone else. If	
	required a taxi will be called	
	for them (ideally SUSU safety	
	bus will be used, or radio	
	taxis).	
	Be considerate of other	
	pedestrians & road users,	
	keep disturbance & noise	
	down.	

PART A (1) Risk identific	ation		(2)	Risk	ass	essment	(3) Risk management				
Hazard	Potential	Who might be		eren				idua		Further controls (use	
Travel by car, train,	Consequences	harmed (user; those nearby; those in the vicinity; members of the public)	Likelihood	Impact	Score	Control measures (use the risk hierarchy)	Likelihood	Impact	Score	the risk hierarchy)	
Travel by car, train, bus, plane when leaving the local area. (if hosting at a external venue)	Vehicle collision – causing anything from minor to severe injuries, as well as mental health issues.	Members, those driving, members of the public	4	3	12	Committee to check that drivers have the relevant licences and insurance for the mode of travel. This includes if they have completed a SUSU minibus test. Members expected to drive or travel in a sensible manor, with those doing otherwise to face disciplinary action (from the club in the first instance). Can cause reputational issues, especially if driving SUSU branded vehicles. Importance	2	2	4	Contact emergency services as required 111/999 Incidents are to be reported on the as soon as possible ensuring the duty manager/health and safety officer have been informed. Follow <u>SUSU incident report</u> policy	

Spiked Drinks/Alcohol Poisoning	Participants may consume too much alcohol during this event or be spiked. This could result in a loss of consciousness or self- control	Event organisers, event attendees,	2	5	10	Supervision, the event will be run by the society committee These attend each venue. Ideally, they will not drink to excess during the event Bouncers/trained staff in Venues should watch for excessive drinking and watch people who are believed to have consumed a lot of alcohol. Report any suspicious behaviour to staff. Participants encouraged to stay with a nominated 'buddy' where possible. The organizers have confirmed the premise is licensed. Action organizers (b). • The consumption of alcohol will take place at licensed premises. The conditions on the license will be adhered to and alcohol will not be served to customers who have drunk to excess. Action licensee.	2	3	6	Members are responsible for their individual safety though and are expected to act sensibly when walking around. For anyone who is too inebriated it will be suggested to them that they should return home rather than continue on the social. Taxis will be called if required (look at SUSU safety Bus, Radio Taxis options) If they need to go to the hospital they will also be accompanied there. Participants advised to avoid leaving drinks unattended and if you think anything has been added to a drink; report it; try and retain the drink for testing. All incidents are to be reported on the as soon as possible ensuring the duty manager/health and safety officer have been informed. Follow <u>SUSU incident report</u>
						licensee.				Follow <u>SUSU incident report</u>
						Games involving binge drinking or the consumption of excessive amounts of				policy

2	<ul> <li>Secondary review of area, equipment and conditions to ensure that the grounds are in the same appropriate condition they were in when we previously inspected, and that steps have been taken to make sure all equipment is safely set up</li> </ul>	Committee	10/12/24	10/12/24	
3	Committee to read and share SUSU Expect Respect Policy.	Secretary	12/12/24	12/12/24	

Responsible committee member signature: ZAdonsi		Responsible committee member signature:	Bilquis
Print name: Lonwabo Lazola Adonsi	Date 05/12/24	Print name: Bilquis Tijani	<b>Date</b> 05/12/24

## **Assessment Guidance**

1. Eliminate	Remove the hazard wherever possible which negates the need for further controls	If this is not possible then explain why	1
2. Substitute	Replace the hazard with one less hazardous	If not possible then explain why	2
3. Physical controls	Examples: enclosure, fume cupboard, glove box	Likely to still require admin controls as well	3
4. Admin controls	Examples: training, supervision, signage		4
5. Personal protection	Examples: respirators, safety specs, gloves	Last resort as it only protects the individual	5

## Risk process

- Identify the impact and likelihood using the tables above.
   Identify the risk rating by multiplying the Impact by the
- likelihood using the coloured matrix.
- 3. If the risk is amber or red identify control measures to reduce the risk to as low as is reasonably practicable.
- 4. If the residual risk is green, additional controls are not necessary.
- 5. If the residual risk is amber the activity can continue but you must identify and implement further controls to reduce the risk to as low as reasonably practicable.
- 6. If the residual risk is red <u>do not continue with the activity</u> until additional controls have been implemented and the risk is reduced.
- 7. Control measures should follow the risk hierarchy, where appropriate as per the pyramid above.
- 8. The cost of implementing control measures can be taken into account but should be proportional to the risk i.e. a control to reduce low risk may not need to be carried out if the cost is high but a control to manage high risk means that even at high cost the control would be necessary.

Imp	act	Health & Safety
1	Trivial -	Very minor injuries e.g. slight
	insignificant	bruising
2	Minor	Injuries or illness e.g. small cut or abrasion which require basic first aid treatment even in self- administered.
3	Moderate	Injuries or illness e.g. strain or sprain requiring first aid or medical support.
4	Major	Injuries or illness e.g. broken bone requiring medical support >24 hours and time off work >4 weeks.
5	Severe – extremely significant	Fatality or multiple serious injuries or illness requiring hospital admission or significant time off work.

Likelihood	
1	Rare e.g. 1 in 100,000 chance or higher
2	Unlikely e.g. 1 in 10,000 chance or higher
3	Possible e.g. 1 in 1,000 chance or higher
4	Likely e.g. 1 in 100 chance or higher
5	Very Likely e.g. 1 in 10 chance or higher
